Supply Change Notification

Effective October 3, 2022

Product Discontinuation: *multi-collect* kit [ITM-1093897] on September 30, 2022

Product Replacement: Alinity m Collection kit [ITM-1190747] on October 3, 2022

Status	Ordering Information	Picture
Discontinued Product	ITM-1093897 <i>multi-collect</i> kit	
Replacement Product	ITM-1190747 Alinity m multi-collect Specimen Collection Kit	

On October 3, 2022, Spectrum Health Laboratories will update instrumentation for Chlamydia and Gonococcus testing. The “*multi-collect*” kit will no longer be available in our warehouse (though, still valid to run on the new instrument). Beginning late September, you may receive different swabs for this new assay. Please refrain from using the new swab until October 3, 2022.

To order the new swabs:

- Spectrum Health and SHMG, please order via Workday ITM-1190747 beginning 9/26/2022 (**Reminder** that new Alinity m tubes may not be used until October 3, 2022.)
- Independent Offices or other non-Spectrum Health Clinical Care Sites, please use the Supply Form and continue to order STD multi-collection kit.
